

OUR TEAM

Get to know the people behind the ILSA Gateway:

Steering Committee Members

Steering Committee members advise the ILSA Gateway Development and Maintenance Team on the overall direction of the Gateway, financial aspects, and future developments of the website.

Juliane Hencke

Director of IEA Hamburg

Ralph Carstens

Senior Research Advisor to the Executive Director of IEA

Dr. Sabine Meinck

Co-Head of the Research and Analysis Unit, IEA Hamburg

Head of Sampling Unit, IEA Hamburg

Dr. Rolf Strietholt

Co-Head of the Research and Analysis Unit, IEA Hamburg

ILSA Gateway Development and Maintenance Team

The ILSA Gateway Development and Maintenance Team manages the overall maintenance of the Gateway content, such as studies, news, and papers, as well as communication and work of all internal and external parties involved. It is responsible for promoting the platform, and it makes suggestions about future developments.

Dr. Nathalie Mertes

ILSA Gateway Production Manager and Project Lead

Research Analyst at Research and Analysis Unit and Knowledge Manger at IEA Hamburg

Aysel Gojayeva

ILSA Gateway Project Coordinator

Unit Coordinator at Research and Analysis Unit at IEA Hamburg

ILSA Gateway Support Team

ILSA Gateway Support Team consists of the students from the Research and Analysis Unit. They support the overall maintenance of the ILSA Gateway by preparing study texts, finding and adding peer-reviewed papers and relevant news.

Abdullah Al Maruf

Research Analyst at Research and Analysis Unit

Nayeli Urdiales

Research Analyst at Research and Analysis Unit
